2060 Commercial Grade Pocket Door Frame for 1 1/8" to 2 1/4" Thick Doors to 400 lbs. (2" x 6" Stud Wall)

ORDERING DATA

For 2 x 6 Construction. Heavy duty pocket door frame featuring heavy gauge all steel split studs for maximum wall rigidity. New all steel split stud design makes a pocket door wall sheeted with standard wall board material comparable in stiffness to standard non pocket door stud walls and eliminates warpage. The 2060 is packaged for easy transport and fast installation in standard 2 X 6 timber or steel framed stud walls. Versatile frames can be adapted for use in thicker walls, block walls and cut down to accept any smaller door size. Now comes with the 2041 hidden guide set.

◀◀ **SOFT-Close/Open** ▶▶

- Make your sliding doors Soft Close quietly and securely.
- Doors up to 200 lbs(91kg) are smoothly braked and pulled into the closed position.
- Use with new or existing Johnson Hardware Sliding and Pocket Door Hardware. Any sliding door track profile that uses the 1120/1125 hanger can utilize the 1060 Soft Close. Works with the following Hardware Series: 138F, 134F, 100PD, 100SD, 2610F, 1500, 1560, 1562, 2710
- Holds door securely in place, closed or open.
- Prevents door slamming or pinched fingers between door and jamb.
- Use 1 1060SOFT Set per door for "soft-close" OR "soft-open" when you are converting a setup previously using our 1120 standard bearing hangers. Use 1 1060 when converting a setup previously using our 1125 ball-bearing hangers. Minimum 24" (609mm) wide doors.
- Use 2 1060's per door for "soft-close" AND "soft-open". Pocket Doors Minimum 28" (711mm) wide doors. Bypass and Wall-Mount Minimum 24" (609mm) wide doors.

2511 Commercial Grade Pocket Door Frame for 3/4" to 1 3/8" Thick Doors
(1 3/4" with 1575 Adaptor Kit) to 80 lbs. (150 lbs. with 1025 Hanger)

ORDERING DATA

For 2 x 4 Construction. Removable aluminum track with convex rails for smooth quiet operation, rust resistant steel reinforced wood split studs, jump proof three wheel (3/4" dia.) hangers, self adjusting floor anchors, 2'6" and 3'0" headers marked to cut to smaller door sizes. Brass-tone steel parts. All frames for doors up to 1 3/8" can be converted for 1 3/4" doors with 1575PPK3 adaptor kit. Very similar to 1500 Series Frame, but with smaller diameter hanger.

15113068	3'0" x 6'8"	20/3	\$101.73

A fast, convenient method of finishing a Pocket Door Installation. Just cut to length and install. No ripping of special thickness stock. Presanded so finishing is a snap.

Package includes 5 boards. Two split header boards, two split jamb boards, and a strike jamb board. (Since a wide variety of casings are available, they are not included)

Jamb can be cut down for smaller sized doors.

Cannot be used with the 2000 Series Frame..

200BP

An extra heavy duty bypass commercial pocket door hardware set. This set can carry heavy duty solid core doors up to 400 lbs each. No bottom track required. It utilizes trackless guide posts that allow the doors to guide each other. The tracks are precision extruded heavy gauge aluminum I-beam track that will not allow the wheels to "jump" the track. It utilizes fully adjustable/removable door hangers for precision fit and finish. The wheels themselves have smooth rolling nylon exteriors with individually caged ball-bearings around the axle. This is quite simply our best line of hardware that we make.

For converging doors, 2 doors going right and 2 doors going left, meeting in the middle, just order two hardware sets. One for each side.

200MP Commercial Grade Multi-Pass Pocket Door Hardware for 1 3/4" or 2 1/4" Doors to 400 lbs./each

2800F Hardware Set

Pocket Door Essentials 2041PLBG Hidden Guide

1515 Plywood Reinforcement Clips

1515-PLY

Pocket Door Frame Plywood Clip Set

- Add Structure to **ANY** Johnson Pocket Door Frame
- Make Stronger Pocket Walls
- Supports Heavy Objects
 - Tile
 - Cabinets
 - Towel Racks

Item No.	Lbs./Case Qty	Pkg. List
2041PLBG	1.7/10	\$8.93
1515-PLY	18/6	\$28.03

The 2041 Hidden Pocket Door Guide Kit permits pocket door guiding without the use of standard 1550 visible pocket door guides. The heavy duty steel reinforced guide post is fastened to the center of the Split Stud Floor Plate just inside the pocket and rides inside a groove routed in the bottom edge of the door out of view for a clean look. 2 guide posts are included in the kit, one for sub floor and one for finished floor applications.

The 2041PLBG works with all Johnson Pocket Door Frames except 2710/2711.

The 1515 Clip Set is designed to add structure and increase strength of pocket door walls. 1515 clips attach 5/8" plywood panels to pocket frame structure increasing the rigidity of pocket walls when compared to a pocket wall without plywood reinforcement. Additionally, the plywood panels provide a solid surface for mounting towel racks, cabinetry etc. Plywood panels not included. Plywood panels installed flush with split studs. Drywall directly over plywood panels. The 1515-PLY now works with all Series of Johnson Hardware Pocket Door Frames

Panel Displays

USING JOHNSON 100 SERIES TRACK AND HARDWARE

NO MORE WRESTLING WITH LOOSE PANELS OR DOORS!

Display your doors with easy-to-construct sliding "show walls". These displays take up less floor space than the old methods of stacking or leaning doors.

The **Door Panel Display** uses the same track and hanger system as the Johnson 1500 Pocket Door Frame and can handle 3'0" doors up to 200 lbs..

Valet Rod

Item No.	Lbs./Case	Pkg. Price	Bulk Price
9500-096	32/20	Bulk Only	\$12.61

A real clothing organizer. Hangers are separated eliminating "hanger overlap". Wardrobes stay neat and orderly. Clothing stays fresh and unwrinkled. Deep drawn hanger slot in the gold enameled steel Valet/rod will not scratch hangers, provide strength to rod as well as the shelf above. Available bulk only in 96" (2438mm) lengths. Can be easily cut for smaller shelves. Use short lengths near washers for drip dry or wrinkle free.

Policy Information

General

This price list supercedes all previous price lists. Prices, specifications and designs are subject to change without notice. Product design and plating may differ slightly due to modifications to the product since the catalogs printing.

Terms

All invoices are net 30 Days. A delinquent fee of 1 1/2% per month will be assessed on all unpaid invoices over 30 days old

Returned Goods

All goods being returned for credit must have prior written factory authorization, which will specify the exact items being returned, the quantities involved and the condition of the goods. Credit for returned goods MUST be applied to future orders (no checks issued). Goods are to be returned to us freight prepaid and will be subject to a 25% handling, inspection, and restocking charge. No credit issued on non-stock items or items more than one year old. Credit is good for one year from date we received the return. After one year, it expires.

Cancellation

Orders for special goods, accepted by us and placed in production, are non-cancellable except by written consent and are subject to a 25% minimum service charge.

Broken Packages

Prices shown are for FULL Standard packages (unless otherwise specified). Add 25% for less than full case/carton packing quantity. We reserve the right to increase an order to a standard package unless specifically informed to ship exact quantities only.
